

TODDLER / YOUNG TWO'S PRESCHOOL

Program Information

Our Toddler Program is designed for children who are age 1 and up. At A Kids Gym Learning Academy, the classroom is set-up to provide toddlers many opportunities for self-directed play to encourage and indulge their natural sense of curiosity. As language rapidly develops, our caring teachers will introduce new songs, stories and interactions from our ButterCups Curriculum to stimulate verbal skills. Music, movement and fun will guide the day's activities, with opportunities for sensory and cognitive development. Instructional gymnastics classes, with a certified coach, are provided to each child enrolled in the program at no additional charge. The Toddler Program is a great way to introduce toddlers to a preschool setting and gain developmentally appropriate independence. This class participates in a snack co-op.

Tuition and Registration Information

The schedule must be the same each week. No make-up days or discounts are given for missed days. The hours are 9:00 am to 12:30 pm or extended hours of 7:00 am to 6:30 pm.
